TECHNICAL SKILL :

Languages & Tech : C ,Python, JavaScript

Database : MySQL , DBMS

Version Control Tools : Git and GitHub

Web Development : HTML ,CSS ,JavaScript, Bootstrap

Frameworks : Node.js , React.js

WORK EXPERIENCE / INTERNSHIP :

Python Developer Intern :   **Intern'spedia – OCT-N0V 2022**

➢ As a Python Intern at Intern'spedia, it was my duty to build projects that the Intern'spedia Team had assigned to me. Using Python, I created two games an Adventure game and a Guessing game. The duration of this internship was one month. This internship gave me more hope for my professional development. My GitHub link is here.

PROJECT:

Anime Blog Website :

➢ Used **HTML, CSS, JavaScript, and Bootstrap** to develop an anime blog website. I used my knowledge of web development to create this project during my leisure time.

Responsive Website :

➢ With the sole purpose of honing my web development skills, I created a responsive landing page using **HTML and CSS.** The experience was truly the best.

Flying Bird :

➢ I created a Moving Bird with **HTML and CSS** that also exhibits transitions, and I only used those two languages to implement it.

TRAININGS AND CERTIFICATIONS :

Python Programming :

➢ I completed and received my Internshala Training Python programming certification.

➢ Obtain a HackerRank Basic Python Certificate.

➢ I completed a Python Certification through Coursera.

Internship and Job Certification :

➢ Completed internship and obtained certification from Internshala Training for job preparation. I learned how to prepare for interviews at this session, which also included creating a resume and a CV.

Bootstrap and SQL :

➢ Acquired Bootstrap and SQL certification through the Great Learning Platform.

HTML, CSS and JavaScript :

➢ Accomplished HTML, CSS, and JavaScript certification through the Udemy Platform.

ACHIEVEMENTS :

➢ Participated in a charitable effort to combat poverty, made a donation, and was recognised for this.
